FORM 33 TRIENNIAL REEVALUATION DETERMINATION

This form is to be completed prior to each triennial IEP in order to document the LEA's process for determining if further assessment is needed to inform the IEP Team at a triennial IEP meeting (See 30 EC 56381). Remember, parent/guardian/surrogate or adult student input regarding whether or not further assessment is required.

Indicate the student's name, date of birth, date of form/ date form sent out, school (current school of attendance), date of determination (date triennial reevaluation need was determined), the due date of the NEXT triennial IEP, and the student's case manager as indicated in SEIS.

The LEA should check **all** four boxes:

- ☐ Existing assessment data has been reviewed, including assessments provided by the parents
- ☐ Current classroom based assessments have been reviewed
- ☐ Teacher and related service providers observations have been reviewed
- ☐ Parent/guardian/surrogate or adult student input has been reviewed and considered

Mark "Yes" if it is determined that some level of formal assessment is needed (even if it is only academic, or another area). If the answer is "Yes" mark the appropriate boxes below this section to indicate exactly what types of formal assessment will be completed.

Mark "No" if the IEP has determined that no additional formal assessment will be completed in any domain, to include academics.

Lastly, if the "Yes" box was checked and it was determined that additional assessment was needed, indicate why by checking the appropriate boxes.

Likewise, if the "No" box was checked that indicated no additional formal assessment was needed write a brief statement as to why (for example, "it is deemed that current, appropriate assessment data is available to inform the IEP Team regarding the educational or related service needs, including approved academic achievement and functional performance, of the pupil").

NOTE: There is no requirement in state or federal law or regulation to obtain a parent/guardian/surrogate or adult student's signature to substantiate the above process was followed; however, it is recommended the LEA's do so in order to document the parent/guardian/surrogate or adult student participated in the process.

FORM 34 (Pages 1 & 2) EXTENDED SCHOOL YEAR (ESY) ELIGIBILITY WORKSHEET

The ESY worksheet was formally adopted by the Forms Committee in February, 2013 as an optional form in order to assist IEP Teams when making Extended School Year (ESY) determinations. The worksheet is to describe and properly document the recoupment and regression that determines the need for ESY.

Definitions: Explains exactly what ESY is and how/why it is determined to be needed by the student. This section also provides the definition for Rate of Recoupment and Regression and Recoupment in order for the IEP to completely discuss the needs of the student.

Question Section: Each of the questions 1 through 5 must be discussed and determined to be "Yes" or "No" for each item.

Question 1: The IEP Team must determine if the student is unable to regain skills in the same manner and timeline as their general education peers. If the student is not able to regain skills in such a manner the IEP Team must identify the area(s) in which the student does not make progress in a manner similar to his/her peers.

Question 2: This question documents the loss of skills a student exhibits during short breaks throughout the school year which may determine the need for ESY services. If a student shows a loss of skills during a short break the IEP Team must identify the area(s) which is affected.

Question 3: This question identifies essential skills or crucial areas of improvement a student is achieving that would otherwise be lost should the student have a lengthy break of service. The IEP Team is to identify the skills or areas that would be adversely affected should the student have a significant break in service.

Question 4: This question summarizes the above information indicating the loss of skills that would occur without ESY services.

Question 5: This question documents the relationship between the student's disabling condition and the need for ESY services.

Should any of the 5 Questions receive a "Yes" answer, Page 2 of the Worksheet must be completed.

Page 2 of the ESY Worksheet describes in more detail the need for services. The IEP committee is responsible for ensuring that a student receives a free appropriate public education (FAPE), and must determine the special education and related services necessary to meet the student's unique needs. This section provides this justification.

Failing to master IEP goals does not automatically make a student eligible for ESY services
